

METALLIC SPLASHBACKS

HIGH-SHINE FINISHES ARE CAUSING A STIR IN THE KITCHEN —
THINK WONDERFULLY WARM COPPER TO COOL STEEL

1 MAKE IT SEAMLESS

Using the same striking metallic on both splashback and cabinetry helps achieve design cohesion in this kitchen by DesignSpace London. 'The metallic surfaces are sheet aluminium with a patinated bronze dust finish,' says managing director Richard Atkins. 'As well as providing warmth and interest, it comes in large sheets, which avoids unsightly joints.' Modulnova Blade **kitchen**, from £25,000, DesignSpace London. L.O.P. **pendants** (above island), £518 each, Boffi. Slab **bar stools** in Black, £360 each, Tom Dixon.
